27-29 Camp Hill, PA  
Breakthrough Conference  
Speakers: Scataglini,  
Freidzon, & Annacondia  
Tel. 717-761-2933

## Why an Internet Church?

by Sergio Scataglini

The New Testament preachers reached the public arenas. They spoke in synagogues, the marketplace, and public forums where ideas were discussed. Many times they were with the multitudes.

Today, people "meet" on the internet. The chat rooms, web sites, messenger, e-mail dialogues, and video conferences have

become a common way to communicate with each other.

If we Christians do not invade the internet with the gospel, soon, we will live to regret it. The children of darkness are invading it. For instance, a recent statistic estimates that 30% of the internet content is pornographic.

The internet has become:

- The new market place;
- The new forum for public discussions;
- The new communications highway.

We must disciple using this means. Here are some strong and practical reasons to use the realm of the internet for a church:

- ☐ It is world-wide;

☐ It crosses racial barriers with ease (you can be equal in a chat room, since you don't even know or ask what race the other persons belong to);

☐ It is relatively inexpensive. For a fraction of what would cost to buy TV time. You can disciple people anywhere via video conferencing or internet phone. Or with an epistolary anointing, you can train through writing—using e-mail.

☐Travel is reduced to a minimum. Often when I go on ministry trips, more than half my time is spent on airplanes, airports and land transportation, packing, unpacking.

Being connected to a Christian group on the

## Cyber Cells

By Kathleen Scataglini

We began to meet on the internet with our friends in Argentina in April of last year. We soon formed a cell group of couples.

When we visited them in November, there were

87 people in the Sunday morning service! They have recently planted the second generation of cells—19 cells in La Plata and 2 cells in Peru!

"Pastor Sergio, we opened up two cells in

Peru," they told us. We were amazed. "There were 16 in the women's cell in Peru this week," they reported.

I guess if we can reach Argentina, they can reach Peru.☐

Thank you for helping us plant the worldwide network of cyber cells. We invite you to partner with us on this mission. Send your donation by using the enclosed envelope. Make your check payable to SMI. OR sign on to our web site and click on the "donations" button or call us with your credit card.

SMI is a religious, non-profit organization as set forth by the IRS. A tax-deductible receipt will be issued for all donations over \$20 annually.

## The Internet Church (continued from pg. 1)

internet allows people to apply the message of 100% holiness in the context of a Christian community—regardless of where the participants of the group live. The members can “encourage each other to good works” and “perfect holiness in the fear of the Lord” without living in the same town. The message of holiness is the new wine. The cyber cells are the new wineskins.

Another practical reason for using the internet to do church is that you can disciple people long-distance. It requires a clear program with notes and schedules—we have that. It also requires discipline and tenacity—we have that, too. We meet every week with our “cyber cells” (from wherever we are!). We send them the lessons via e-mail or they can be downloaded from a web site.

Please dream with me; I believe we can embrace the entire planet with cyber-cells (groups of people connected via internet) and make disciples! Imagine the potential of this strategy. Imagine millions hearing the gospel and having a discipleship coach, a course and a Christian fellowship group as close as a computer or café with an internet connection.

God is looking for “connected Christians”. They must be willing to learn “a new language”, to communicate via internet, to have a sense of urgency and begin to link up non believers, as fast as they can. We must then train them to become the cyber servants of

## Coming Your Way!

We wanted to highlight a couple of places where Sergio will be ministering next month and encourage you to come out and be a part.

**SOUTH BEND, INDIANA**— This is a great place for many Christians to come together. Some groups have already been working hard to unite the pastors and there is a strong movement of intercessors who work together across the region.

This service will be held on **EASTER SUNDAY EVENING**. If you do not have service at your local

church, we would love to see you there!

**CAMP HILL, PENNSYLVANIA**-- You are in for a treat, if you can be at these services! This is a Breakthrough Conference which is only held a couple of times every year. The speakers include: Evangelist Carlos Annacondia, Claudio and Betty Freidzon, and Sergio, all of Argentina. These are all very anointed speakers and each bring a different message. You leave with a “well-rounded” meal.

Carlos has brought more than 2 million to the Lord in his campaigns. The Freidzons minister in stadiums around the world and pastor a church over 15,000 in Buenos Aires. Hope to see you there!

***Please join us for these exciting services near you!***

## ¡Muchas Gracias!

We want to extend our thanks to those of you who have recently pledged to partner with us. We were recently in a united meeting. We had an awesome response and several people made a monthly pledge to give at least \$20 for the next six months! You blessed us! We welcome you to our support team.

We now put the call out to all of you: **COULD YOU PARTNER WITH US FOR THE NEXT SIX MONTHS** with a minimum pledge of \$20? If so, please use the enclosed card.

We are preaching weekly to people from six or seven nations in our services. Your gift, whatever size does make a difference! Thank you!
