## Building an Army of Prayer By Sergio Scataglini

*Rev. Sergio Scataglini*

One of our goals as a ministry is to have 7,000 people who will partner with us in some way. We need intercessors, donors, volunteers—people who will help us get the job done of taking the message to the nations.

This month we are focusing on building our prayer support base. We know that all important

advances of the Kingdom of Light are preceded by prayer. We are always grateful for those who tell us in passing, "I am praying for you." We are interested, however, in having a database with those who are willing to make a serious commitment to register with us as an intercessor.

What is in it for you? All registered intercessors receive a weekly up-

***We are looking for those willing to become registered intercessors***

date, via e-mail, to let them know of the needs and specific areas for prayer coverage and out-

reach that week. In addition, we provide quality teaching about prayer and intercession in every Prayer Guide. Your prayer life will be enriched.

At present, the Prayer Guide is only available to those with an e-mail address. It is available, however, in either English or Spanish.

To become a registered intercessor with SMI, please visit our web site, [www.scataglini.com](http://www.scataglini.com), click on the flashing button on the right side of the page that says, "Join the Team", "Become an SMI Prayer Partner." This will take you to the form you need to fill out to register and begin receiving the prayer guide and praying with us. Thank you. ☺

## Cyber Visit By Kathleen Scataglini

We are currently pastoring a church on the internet. However, there is another new door that God is opening up for our ministry. In addition to preaching and training our congregation, Sergio

has also been able to minister to OTHER CONGREGATIONS over the internet, as well! The results have been amazing!

"Visiting churches" via internet is cutting edge

and has some great advantages:

- 1) The congregation does not have to spend money for travel, meals and hotel expense for the guest speaker;
- 2) Sergio does not spend

# 1st Anniversary of ComunionNet

April 3rd we celebrated our first year anniversary of ComunionNet—(Communion + Net) — our congregation that meets on the world wide web.

The beginning of our story is somewhat sad and embarrassing, but it served to push us on to bigger and better things. The Lord had called us to pastor a church in Argentina. Yet He did not give us the green light to move there. After pondering and praying on how we were to do what He had asked, we came to the conclusion that one way to do it was to use our computer and the internet to “get” to Argentina. (It was a pretty bold step for us, considering we had NO experience, had not done any videoconferencing, and were not exactly computer geeks. We were willing, however!)

We prepared diligently for that first service. We had no “model” to follow, so we did what we knew best. . . we looked for a large room to rent, chairs, sound, and an internet connection (in Argentina). We even had the place re-painted the day before our big beginning. The owner “leased” us the place for that opening day. Those we had invited to participate came to the locale. (We had been in contact with a family in Argentina who were in the process of planting a small congregation and were looking for spiritual covering, as well.) All seven people arrived. We had a couple of our staff stationed at a nearby university in their computer department, ready to help us connect in case we could not from our home.

As time came for our first meeting to begin, the people in Argentina apparently could not get on the internet with their computer! We were frantically calling them via telephone, the computer tech from the university was calling us, we were all calling each other, but at the end of the evening, we had not connected with our computers. Only by phone.

Although it seemed like a resounding defeat, we were forced to search for more than one way to connect. We learned to “broadcast”—send our image and sound up to a web site so anyone in the world with computer access could see us. We were immediately forced to break out of the initial “box” of videoconferencing with just the people in Argentina.

Each Sunday, we now have people who sign into our services from Argentina (3-4 cities), Peru, Spain, Italy, Uruguay, Mexico, and the USA. To God be the glory for the great things He has done!☪

**The view from our computer as Sergio's father, Rev. Alberto Scatagliini, preached our 1st year anniversary service on April 4 from his church in La Plata, Argentina to our congregation around the world.**

## Welcome Johann

Early last year, we received an e-mail at our office from a young man, Gabriel, who had attended a large youth conference in Mexico City where Sergio had preached. In the meeting, he went forward and left a picture of his “lover” at the altar. He wrote to ask us, “What should I do next?”

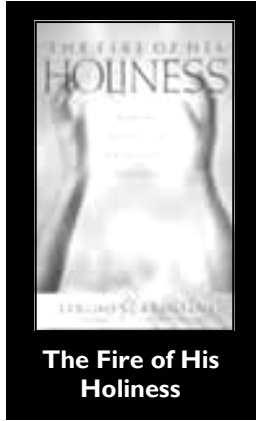

We began to dialogue with him via e-mail. We sent him classes for new believers. We called and prayed over the phone. We answered his questions about God and hearing the voice of the Holy Spirit.

Some months later, I received a note in which he told me about a gal friend he had taken to church with him; she received the baptism of the Holy Spirit! In another e-mail, he told me they had gotten married! He wrote several times to reassure us that he has been totally set free from his homosexual practices.

The latest news is they are now the proud and blessed parents of a son, Johann Gabriel, born Feb. 20, 2004. We rejoice for the great work the Lord has done in the lives of Gabriel and Marta!☪

## Cyber Visit (continued from pg. 1)

a day or two traveling to get to the church or location;

3) It is inexpensive and easy to set up. Our staff provides personal assistance to get ready for the meeting;

4) The communication is interactive. Not only does the congregation see and hear Sergio, but Sergio sees and hears them and can interact.

The system is simple. We connect our computer to a computer at the host church by videoconference. The local church leads the time of worship in the service. When it is time for Sergio to speak, his image is projected on the screen. The sound comes through the loud speakers. He sees and greets the congregation from the screen, then ministers the Word.

One pastor told us, "My people watch me preach on the screen anyway, so it is not that much of a stretch." Sergio has preached this way at churches in New Zealand, Springfield, Illinois and California.

In a recent service at the church in California (via internet), many responded to the altar call and the glory of the Lord was present in that place. The leaders said it was a "Wow" service.

If you are interested in hosting such a meeting, please contact our office. We would love to do a cyber visit to your church! ☐

## Join Us for Prayer!

We have announced a day of fasting and prayer in our congregation. We have decided to do this "International Prayer Service" in both English and Spanish, so many of you can participate, as well.

At ComunioNet, our regular services are in Spanish. Most of our cells are in Spanish; one is in English. This prayer meeting, however, will be bilingual. It is open to anyone who wants to participate.

If you have access to a computer, just to go [www.scataglini.com](http://www.scataglini.com). Click on the "Internet Church" button. Click on "English Site" (to see the page in

English).

When we are "broadcasting" the prayer service, you can click on "Live Broadcast" and it should take you right to the site where we are. It is set up for both modem and DSL connections, so all should be able to participate.

We do recommend, however that before the service time, you visit the page and update your Windows Media Player to version 9 (the update button is available on that same "Internet Church" page). You will need this updated version to get into the "prayer meeting".

If you participate in the meeting, please be sure to send us a quick note to [CNet@scataglini.com](mailto:CNet@scataglini.com) and let us know your location. Thanks! ☐

***Pray with us on-line on May 22!***
